

# **CONTENTS**

|   |            |
|---|------------|
| <b>PREFACE .....</b>  | <b>III</b> |
| What Is An Occupational Therapy? .....  | IX         |
| What Is Functional Cognition? .....   | XII        |
| Cognitive Assessment?.....  | XIII       |
| Emotional Functioning Assessment .....  | XV         |
| Functional Assessment for Mental Health.....  | XV         |
| Can use early intervention programme for high-risk infants & developmental disabilities? .....        | XVII       |
| <b>Chapter-1 Fundamental of Occupational Therapy.....</b>   | <b>1</b>   |
| History of Occupational Therapy .....   | 1          |
| An overview of Occupational Therapy .....   | 6          |
| Occupational Therapy & Rehabilitation Team .....  | 11         |
| Occupation as therapy .....   | 14         |
| Types of Therapeutic Movements .....  | 21         |
| Range of Motion (ROM) Exercises .....   | 28         |
| The main types of muscle contractions: .....  | 31         |
| Overview of Assessments.....  | 33         |
| Reflexes .....  | 35         |
| Muscle strength.....  | 36         |
| Voluntary Control.....  | 42         |
| Sensation (Cutaneous And Cortical) .....  | 44         |
| Cognitive- Perceptual Functions.....  | 48         |
| Cognitive- Hand Functions.....  | 49         |
| <b>Chapter-2 Basics Of Psychology .....</b>   | <b>52</b>  |
| Basics of intelligence, personality and learning.....   | 59         |
| Basics of Sensation, Attention and Perception.....  | 62         |
| Basics of health Psychology .....   | 65         |
| <b>Chapter-3 Basics of Biomechanics &amp; Kinesiology, Exercise Therapy &amp; Electrotherapy.....</b> | <b>69</b>  |
| Definition of Biomechanics.....   | 69         |
| Axis and Planes.....  | 74         |
| Kinematics.....   | 80         |
| Gravity.....  | 87         |
| Centre of gravity .....   | 89         |
| Line of gravity .....   | 92         |
| Base of support .....   | 94         |
| Equilibrium.....  | 95         |
| Fixation and stabilization .....  | 99         |

|   |     |
|---|-----|
| Forces and type of forces.....                          | 105 |
| Levers of the body and their mechanical advantage ..... | 111 |
| Pulleys.....  | 116 |
| Springs.....  | 119 |
| Elasticity.....   | 122 |
| Muscle contraction and types .....                      | 124 |
| Range of muscle work.....                               | 127 |
| The Group actions of muscles .....                      | 129 |
| Spur and shunt muscles .....                            | 136 |
| GAIT .....  | 138 |
| Posture.....  | 142 |
| Joint structure and functions of all joints.....        | 146 |
| Physics and Basic Electrical Components.....            | 151 |
| Electrical Components .....                             | 156 |
| Electromagnetic Radiation (EMR).....                    | 157 |
| Conductors And Non-Conductors Of Electricity .....      | 159 |
| Transmission Of Heat.....                               | 162 |
| Physical Effects Of Heat.....                           | 164 |
| Thermal Energy .....                                    | 165 |
| Electric Shock.....                                     | 170 |
| Earth Shock.....  | 171 |
| Methods Of Heating The Tissue .....                     | 173 |
| Paraffin Wax Bath.....                                  | 177 |
| Hot Pack .....  | 180 |
| Moist Packs.....  | 183 |
| Infra-red (IR) rays .....                               | 186 |
| Ultraviolet (UV) rays .....                             | 188 |
| Low frequency currents.....                             | 191 |
| Faradic current .....                                   | 194 |
| Galvanic current.....                                   | 197 |
| SD Curve.....   | 200 |
| Pain Gate Theory .....                                  | 201 |
| Iontophoresis.....                                      | 202 |
| TENS.....   | 205 |
| IFT. .....  | 207 |
| Cryotherapy .....                                       | 209 |

|   |            |
|---|------------|
| Medium Frequency current.....   | 210        |
| High Frequency currents .....   | 212        |
| SWD (Shortwave Diathermy).....  | 214        |
| MWD (Microwave Diathermy) .....   | 216        |
| US (Ultrasound Therapy) .....   | 217        |
| Laser.....  | 219        |
| Mechanical traction and CPM .....   | 221        |
| CPM-Uses, Technique of application, Precautions .....   | 223        |
| Lumbar and Cervical traction .....  | 225        |
| Massage therapy (Soft tissue manipulation).....   | 230        |
| <b>Chapter-4 General Anatomy &amp; Physiology (Cytology, Histology, Osteology &amp; Only Basics of all Organ Systems of Body) .....</b>                             | <b>236</b> |
| General orientation about parts of human body.....  | 236        |
| Structure of animal cell, cell organelles and their function .....  | 254        |
| Human tissue, types, structure and function.....  | 256        |
| Osteology: names, location, identification and basic details of all bones, Identification and Basic Details .....   | 260        |
| Joints: types, basic structure and functions.....   | 266        |
| Ball And Socket Joint.....  | 270        |
| Hinge Joint.....  | 271        |
| Condyloid Joint.....  | 272        |
| Pivot Joint.....  | 272        |
| Gliding Joint .....   | 273        |
| Saddle Joint.....   | 274        |
| Skin and appendages .....   | 275        |
| GIT- location, gross structure, various parts and their functions.....  | 278        |
| Respiratory tract location, gross structure, various parts and their functions... .....   | 281        |
| Urinary tract location, gross structure, various parts and their functions .....  | 284        |
| Male reproductive system- gross structure and functions of different parts.....   | 286        |
| Female reproductive system- gross structure and functions of different parts and explain menstrual cycle .....  | 288        |
| Endocrine system- Hormones secreted by Pituitary, Thyroid, parathyroid, Pancreas, Adrenal cortex, Adrenal medulla, Gonads and functions of different hormones ..... | 291        |
| Gross structure of brain and Spinal cord .....  | 294        |
| Immune system.....  | 329        |

|  |            |
|--|------------|
| <b>Chapter-5 Only basics of Relevant Pathology, Pharmacology &amp; Microbiology</b>                                      | <b>334</b> |
| Basic of Neurosis and Apoptosis .....  | 338        |
| Modes of disease transmission and prevention of infection.....   | 370        |
| Sterilization and methods of Sterilization used in hospitals .....   | 374        |
| Applications.....  | 379        |
| Basic idea about types of Bacteria, Virus and Fungi.....   | 379        |
| Fungi .....  | 384        |
| Routes of drug administration.....   | 385        |
| Adverse effects and side effect of drugs.....  | 391        |
| Basic idea of Analgesics, Opioid and NSAIDs and Skeletal muscle relaxants.   | 393        |
| Basic idea of drugs uses in Cough and Expectoration .....  | 399        |
| Basic idea of drugs used in B asthma and COPD.....   | 401        |
| Basic idea of drugs used in GIT.....   | 404        |
| Basic idea of Anti Microbials .....  | 406        |
| <b>Chapter-6 Detailed Anatomy of Bones, Muscles, Joints, Nerves of Body</b>  | <b>411</b> |
| General structure of long bones, flat bones (Histology and gross) .....  | 411        |
| Detailed Histology and Physiology of skeletal muscles, Ligaments and Tendon...   | 414        |
| .....  | 414        |
| Ligaments .....  | 416        |
| Tendons .....  | 417        |
| Details of bones of Pectoral Girdle .....  | 418        |
| Details of bones of upper Limb .....   | 419        |
| Details of bones of Pelvic Girdle .....  | 423        |
| Details of bones of Lower Limb .....   | 425        |
| Details of bones of vertebral column .....   | 430        |
| Details Of Rib and Sternum.....  | 431        |
| Details of muscles of Upper Limb .....   | 433        |
| Details of muscles of Lower Limb.....  | 439        |
| Details of muscles of Abdomen and Pelvic floor.....  | 448        |
| Details of muscles of Neck.....  | 450        |
| Details of Shoulder Girdle, Shoulder, Elbow, Wrist, Hip, Knee and Ankle, Subtalar joints and common joint problems. .... | 453        |
| Details of basics of other joints of body.....   | 475        |
| Details of brachial, sacral and lumbar plexus .....  | 485        |
| Details of Spinal and Cranial nerves .....   | 489        |

|   |            |
|---|------------|
| Fundamental of Occupational Therapy   | VIII       |
| Arterial and Venous tree of body .....  | 501        |
| <b>Chapter-7 Hand Hygiene, Basic Life Support (BLS) &amp; Cardio-pulmonary Resuscitation (CPR).....</b> | <b>509</b> |
| Hand hygiene & method of Hand washing.....  | 509        |
| Prevention Of Cross Infection .....   | 512        |
| <b>References .....</b>   | <b>518</b> |
